FREQUENTLYAsked Questions

Where Does Information In CareSpace Come From?
The information in CareSpace comes from your medical records at our practice.

Can I See My Health Records From All Of My Doctors?
Your CareSpace account at our practice will only include your medical records from our practice. Any labs, imaging or other tests will need to be seen on the providers’ patient portal where the services were performed. You will only be able to see your records from our practice using the login credentials you created when you received an invitation to join our portal.

It is possible to have CareSpace accounts for other providers, but each provider’s office will only display the records associated with their practice. You will need to contact each of your providers to be set up on their patient portal.

Who Can See My Account?
Only you and the people you invite can see your account. If you invite someone to your CareSpace account, they can see all of the information you can.

Is The Information In CareSpace Private And Secure?
Yes, CareSpace is certified on the latest security standards, and your information will stay private and secure. CareSpace access is only permitted to authorized users who have been verified through a registration process.

Need Help? Tips For Registering Your Account.

My Registration Link Has Expired. How Do I Set Up My Account?
To make sure that your information stays safe, registration links expire after four days. Give our practice a call if you need us to send you a new link.

What Do I Do If I Never Received A Registration Link From My Practice?
Check your spam folder. If you still don’t see one, give our practice a call.

Where Do I Log In For CareSpace?
You can always access CareSpace by visiting www.carespaceportal.com from a browser on your personal computer, tablet or mobile device.

What Happens If I Forget My Password?
No problem, you can reset your password yourself. Look for the “forgot password” link on the login page at www.carespaceportal.com
